

# Large Volume Press Workshop

9th-12th March 2009  
Bayerisches Geoinstitut  
Bayreuth

## Organisation:

Cordula Braun  
Dan Frost  
Natalia Doubrovinskaia  
Leonid Dubrovinsky  
Hubert Huppertz

## Venue:

Bayerisches Geoinstitut  
Universität Bayreuth  
Universitätsstraße 30  
D-95447 Bayreuth  
Germany

## Dates:

Start: Monday, 9<sup>th</sup> March 2009, 16:00 hours  
End: Thursday, 12<sup>th</sup> March 2009, 16:00 hours

## Participants:

The workshop is intended primarily for :  
**Graduate students and post-doctoral fellows**,  
interested in learning or improving their knowledge of  
multi-anvil technique.

## Registration Fee:

The participation fee is **50 Euro**.  
PhD students and post-docs from the SPP1236  
may be eligible for a contribution to their travel  
and accommodation expenses up to 300 Euro.

## Contact:

## Description:

We are happy to announce the next work-  
shop within the DFG Priority Program 1236

**'Strukturen und Eigenschaften von  
Kristallen bei extrem hohen Drücken und  
Temperaturen'**.

The purpose of the workshop is to introduce  
participants to high-pressure experiments  
with the multi-anvil technique and its  
application in science and technology, and  
generally to expand the knowledge of high-  
pressure, high temperature experiments.

## Registration:

Applications must be received before **15.12.2008** by  
Cordula Braun ([cbrch@cup.uni-muenchen.de](mailto:cbrch@cup.uni-muenchen.de)).  
The number of participants is limited and early  
applications will be given priority.
